❖ **VISION –**

The primary vision of stambh trust is to follow its aims pre defined areas Of concern . this year the trust directed its attention to organizing Training programs related to the regional art forms . All the team members strive hard to help preserve and promote the art forms like sohrai paintings, Dokra , madhubani painting etc. the emphasis is also on providing necessary training to local people and assist them in finding suitable sources of income .

❖ **MISSION -**

Our mission is to make everyone know about the importance of traditional art in one's life through our activities and goals . We want to make hard efforts through our organization for the women, to make them more specific, have received proper training and become self – reliant over the period of time . we have to work for the development of women, environment mankind etc . through our non – profit foundation .

❖ **BACKGROUND –**

Our organization is a registered, voluntary non- profit organization working for the promotion and development of traditional artisans and craft skills in a society tribal areas. Sustainable livelihoods is the organization's first priority, in a sector recognized as the scond largest source of employment in india after agriculture. We try to drive our attention to improvement of sects like women empowerment along with preservation of traditional art forms. We want to train people (especially women) in rural areas of these pictorial art representations, help artists gain due respect and indentity and ti promote their artefacts, handicraft

remain the epicenter of all our efforts. The organization achieves its goals by conducting projects and events aligned with its goals.

ACTIVITY PROFILE THROUGH (2020 -21)

1. EMPLOYMENT GENERATION

Stambh trust is involved in helping local tribals learn handicraft through different training held at intervals. This year the training programs were planned for shorter duration at various places. During such period, experienced artists are also involved to share their views, experience and precise techniques of their products at local fairs. Work orders were also received and fulfilled for established and renowned institutions like JHARCRAFT, TRIFED. These opportunities act as source of motivation for other people to learn and utilize their talent.

2. Social work Corona period

Many social works have been done by the organization in 2020-21, but in March itself, the whole world was attacked by Corona, so an attempt was made by the organization in this work, how to reduce the problems that were being faced in the society due to Corona . go | The whole world and India struggled with this disease this year. Meanwhile, some social work done by the organization was done –

1. Ration was distributed in rural and urban areas by the worker of the organization. With the cooperation of many dignitaries, this program went on successfully. According to the capacity of the organization, an attempt was made to provide ration to many families.
2. It was observed by the workers of the organization that the children who are taking birth during that time and their mothers are going to face many problems. In this sequence, old clothes were made into leather by the workers of the organization and sent to the mothers who were in need. They got a lot of help in ration, leather and old clothes. We should be able to give some facility to the people in this work in an odd situation.
3. Many materials were distributed by the organization with the cooperation of many people. Corona related masks, sanitizers , Gulfs etc. were given among common people.

4. Online painting class was taken by us. Many students took advantage of this during their free time. He was given training in Sohrai and other arts from time to time. Competition was also organized among them.
